Secr or Member of Council, Mysore government Bangalore

Esteemed Sir

In connection with a Memorial submitted by me in November last to His Highness the Maharaja of Mysore and your good self, the Inspector General of Education has kindly intimated to me that the Government have been pleased to sanction a Scholarship of £150 to enable me to take up a course in Genito Urinary Surgery and Advanced Pathology I hasten to express my most sincere and grateful thanks to the government of His Highness the Maharaja in general and to your good self in particular for the extra ordinary favor thus shown to me Though this special act of grace is intended primarily for my individual benefit yet I am sure it will be viewed with general satisfaction among the members of the Devanga Community as it will convince them that our benign government are ever ready to lend a helping hand towards any reasonable effort on their part in ameliorating their backward condition I

hope that by a diligent application to my studies here, I shall prove myself worthy of the special favor shown to me

Since submitting my Memorial, I have taken the Diploma of L M (Licentiate in Midwifery) at Dublin, and the Diploma of D T M (Diploma in Tropical Medicine) at the University of Liverpool I trust that the extra knowledge gained, and Diplomas taken, in these Special branches of human Science will stand me in good stead when I return to my native country

I finished my D T M Examination only yesterday and I therefore intend proceeding to London early next week to take up Genito-Urinary Surgery and Advanced Pathology courses as prescribed by government I intend working at St Peter's Hospital for Stone and Urinary Disorders which is acknowledged to be the best of its kind in this country, and for Advanced Pathology, at St Bartholomew's Hospital which is considered to possess the most complete

Pathological Department in the country But if the government have in view any other Hospital in which I shall pursue the courses prescribed, I beg to be favored with definite instructions on the matter at an early date so that I may act accordingly

For undergoing the Course in Advanced Pathology a Microscope is absolutely necessary, and each student is expected to possess one for his use A really serviceable instrument costs nearly £30 and I can scarcely find it possible to meet this big sum out of the Scholarship of £150/ graciously granted by the government as I have to incur heavy expenses for the Special Courses I have to take up To meet it from private resources, I must admit it is almost impossible as the debts I have already incurred for my education are hanging heavily upon me and it will be many years before I could rid myself of those heavy burdens I am therefore driven to have recourse to the mercy of the benign government and pray that a Microscope may Kindly be ordered to be purchased for my use at the cost of government, as I believe the government have allowed such a concession to many another before me

As I have exhausted almost all my resources for the Special Courses I have already taken in Midwifery and Tropical Medicine and am badly in need of funds for taking up the Courses prescribed by the government, I humbly beg that you may be graciously pleased to have instructions issued to the proper authorities to kindly arrange for an early payment to me of the full amount of the Scholarship in one instalment in advance

Thanking you once again for your valuable help and hoping to be favored with a reply,

I beg to remain,

Esteemed Sir,

your most Obedient Servant

D S Buttanna
